

Our team has benefited from sponsors who have supported the team to **help reduce your costs of racing and support you when racing**

. You need to understand that acquiring sponsorship is extremely difficult in these times, and you cannot take the companies that support us for granted! Support them, and tell others that they need to do the same.

RUDY
PROJECT

Tyrolean Village is providing free accommodation for the team training camp. This will reduce the cost of your team uniform.

www.iceriversprings.ca

Ice River Springs will also provide cash to cover team expenses, as well as water during some of our team events.

Ice River Springs takes great pride in producing the highest quality spring water in North America from our protected natural springs.

www.medatech.ca

Provides mechanical, electrical, and hydraulic engineering services, with an expertise in mobile equipment design. We offer partial or turnkey engineered solutions and fabrication services in

the machinery industry, as well as complete product development capabilities, from product concept to complete manufactured prototype.
